MINISTERS FOREWORD

The Grade 12 Class of 2022 is extraordinary - a description reserved for only the remarkable!

Since the pandemic began in 2020, the well-being of young people enduring unprecedented challenges was one of the major concerns of the Department of Basic Education (DBE). The year 2020, when the Class of 2022 faced great uncertainty in their Grade 10 year, is most certainly not a year on which we will look back with undiluted pleasure. Yet the Class of 2022 forged ahead, and despite the myriad of challenges, these champions sat for the November 2022 National Senior Certificate (NSC) Examinations and have produced results that attest to resilience and fortitude.

As we reflect, we recall the words of former President Nelson Mandela who reminded us that 'everyone can rise above their circumstances and achieve success if they are dedicated to and passionate about what they do.'. The Class of 2022 mustered the courage and they have proven to the South African nation that success can be a reality amidst great adversity.

The National Senior Certificate remains one of the most important barometers of the health of the South African education system. The Department is in the process of entrenching other more holistic indicators of success across the various components of the system and one of them is the model for Systemic Evaluation which will provide a more in-depth and comprehensive report on the performance of the system. However, all indications prior to COVID, confirmed that we are a system on the rise. COVID has been a setback but the Class of 2022 has affirmed that we are clawing back the gains of the pre-COVID years.

The Class of 2022 were the beneficiaries of significant learner support programmes implemented to ensure that quality education is offered to all our learners. The Grade 12 class of 2022 benefited from differentiated targeted learner support programmes; such as extra tuition over weekends, vacation classes, the provision of additional learning and teaching support material (LTS), revision guides, school based assessment exemplars, broadcast lessons, online and radio lessons, content and pedagogy workshops for teachers.

The Learning Recovery Plan of the Department of Basic Education which resulted in a trimming of the curriculum and a revision of the assessment programme for all grades, has allowed the system to focus on core content and skills and explore other more relevant forms of assessment. At the centre of the Learning Recovery Plan was an assessment of the learning deficits and the development of learning programmes to address these deficits. The system has also over the years established a strong data driven focus of monitoring and feedback and hence there is a continuous identification of gaps and weakness in the system and the implementation of initiatives to address these gaps.

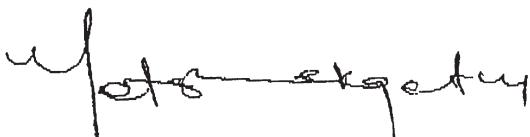

The DBE is committed to a comprehensive curriculum strengthening process that will take into cognisance learners' competencies that they need to thrive socially and economically in a fast-changing world. Efforts are afoot to infuse a skills-based focus into the existing curriculum. In 2022, Marine Sciences was offered for the second time as an examinable subject in the Grade 12 NSC examinations. Various technical vocational specialisations, including Civil Technology, Electrical Technology, Mechanical Technology, Technical Mathematics and Technical Sciences were offered for the fifth year since their introduction in 2018. The grand idea is to make schools not only sites of academic achievement but also sites of development of vocational and occupational skills.

As a Department we will work without ceasing to support learners who do not obtain their NSC certificate the first time around. All provinces and districts will encourage these learners to enroll for the Second Chance Matric Programme. We are making the attainment of the National Senior Certificate, with its vocational specialisations a national endeavour. No matter the failure or the poor performance, there is a second chance, as expressed in Sesotho, 'Leboela le a ja' – perseverance pays.

The Executive Committee (EXCO) of Umalusi Council concluded that the 2022 NSC examinations were administered largely in accordance with the *Regulations Pertaining to the Conduct, Administration and Management of the National Senior Certificate Examinations*. In view of this, the Quality Assurance Council, Umalusi, approved the release of the results for the October/November 2022 Examinations. This approval was preceded by a holistic and comprehensive verification of all examination-related processes. Umalusi further confirmed that the irregularities identified during the writing and marking of the examinations were not systemic and therefore did not compromise the overall credibility and integrity of the October/November 2022 Examinations administered by the DBE.

The nation owes its gratitude to parents, teachers, principals, teacher unions, communities, district and provincial officials, and social partners for their commitments to supporting the Class of 2022. The work we do in basic education has a multiplier effect. A country's economy becomes more productive as the proportion of educated individuals increases.

I am confident that by working together yet again, we can support the Class of 2023 in the manner that we supported their predecessors.

Mrs AM Motshekga, MP

Minister of Basic Education

1. INTRODUCTION

The overall results of the 6 895 schools/examination centers that participated in the 2022 NSC examination in the country are packaged into a national report which allows school managers and all officials based either at the national, provincial or district levels, that are responsible for the effective management of schools to analyse the learner performance data presented.

The school level data can be located within each of the 75 districts and represents the number of candidates who wrote the examination and the number that obtained the NSC this year. Every school community is encouraged to engage actively with the data so that each is able to reflect on their performance in the 2022 NSC examination and evaluate it against previous years' to gauge progress made and to consider enhancements and interventions that can be phased into the school programme, in order to achieve concrete and measurable improvements in the new academic year. In addition, schools that are in the same quintile can also compare their historic performance to that of other schools in the same quintile over the last three years to establish if the inputs made by the education system have translated into better performance and a motivated school community. Schools will be able to share best practices and form clusters for mutual benefit.

This report should be read in conjunction with the following complementary reports on the 2022 National Senior Certificate examination published by the Department of Basic Education:

- a) The 2022 National Senior Certificate Examination Report;
- b) National Schools Subjects Report that presents the performance of each subject over three years; and;
- c) The National Diagnostic Reports which provides an analysis learner performance in the 11 Gateway Subjects, the 11 Home Languages and Technical subjects; which identifies areas of poor performance, and recommends appropriate remedial measures in each of the subjects. Together these four reports aim to provide a comprehensive overview of learner, school and subject performance on the 2022 NSC.

2. SCOPE OF THE SCHOOL PERFORMANCE REPORT

This report presents data on the performance of all schools that wrote the 2022 NSC Examination, including public schools, special schools and independent schools. It also provides data on the overall performance of all these schools over a three-year period so that a school is able to measure and track its performance over the last three years.

2022 marks the ninth year of a CAPS-aligned NSC Examination, which means that schools can compare their historic performance in a stabilising curriculum and assessment policy framework. This will help them to establish if they too have reached stability in terms of effective implementation of the intended curriculum.

This report details the number of candidates that wrote the examination, the number of candidates that achieved the NSC and the pass percentage in every school, over the last three years. It also provides a list of schools that obtained 100% and those that obtained below 40% over a period of five years respectively.

3. UTILISATION OF THE SCHOOLS PERFORMANCE REPORT

This report can be used by school managers, subject advisors, curriculum specialists and district planners to do a quick comparative analysis of the overall performance of schools within a circuit, cluster or district.

The data presented in this report enables every school to keep track of their performance over time so that each institution is able to compare their current performance with the previous years' to measure progress made and innovations required in the next school year. Being the ninth year of the implementation of the NSC examination based on CAPS, schools will be able to track their performance in the last three examinations.

The report would also help Education officials to identify consistently underperforming schools, so as to target their interventions appropriately. Schools that continue to underperform must reflect deeply on how to improve learner outcomes and should consider collaborating with better performing schools so that this shared experience can build a stronger professional schooling community and contribute towards improved performance. Although this report on the overall school performance results may mask the performance of the individual teachers and subjects, the schools' subject report provides detailed performance per subject so that no one escapes the accountability chain.
